LORD OF MERCY

Logville, Ky., Oct. 6, 1941
Editor Courier:

O Lord of mercy, dear art Thou
To this poor broken heart of mine
Which longs to know Thy quickening power
And feels to need Thee every hour.
O Lord of mercy, hear my prayer,
Accept my gratitude, my thanks,
As from my lips Thy praise ascends;
Oh, love and keep me to the end!
O Lord of mercy, full of grace,
May I behold Thy smiling face
When clouds are dark and days are drear:
Dear Lord of mercy, be Thou near.
O Lord of mercy, on Whose breast
John leaned his weary head for rest,
When Thou hast served Thy will with me,
Oh, take me home to live with Thee!

MRS. MINNIE HAMILTON

EMPTY CHURCHES

Editor Courier:
West Liberty, Ky., Sept. 30, 1941

The churches are all empty,
Please pardon me if I say
I wonder where God's children are
Upon the Sabbath day.
Excuses—they are many,
Each Sunday we repeat.
We should please our loving Savior
And fill our empty seat.
The churches are so empty
When comes the prayer hour;
It seems we have forgotten
That God still answers prayer.
And where are our children?
With care we should teach and rule;
We see them almost everywhere,
But not at Sunday school.
And sinners seldom go to church:
Oh, how I pray they'll go,
And hear the story of the cross,
And Jesus learn to know.
If we will trust our savior,
Give Him our life to rule,
The seats will not be empty
At church and Sunday school.

MRS. BRUCE FAIRCHILD

A DAY IN THE ARMY

Editor Courier:

The whistle blows at five thirty in the morning,
We all get up without further warning.
We put on our blue denims, make our bunks,
Sweep and mop the floors, and dust our trunks.
Ten minutes later the whistle blows,
We all stand reveille in our fatigue clothes.
They check us close, and always will,
To see who all went over the hill.
After reveille we are all ready now
For the whistle that calls us out to chow.
After we have eaten our chow up clean
We finish our barracks and latrine.
We fall out at seven with bayonet and gun
To take exercise. They call it fun!
We feud and jump, and try them all,
Until we get so tired we almost fall.
We march from 8:00 until almost noon,
From right to left, and to the rear so soon,
And they gather us up to bring us in
To get ready for dinner or chow again.
We eat our dinner and rest until one,
Then fall out with bayonet and gun.
The way we shoot is new to us all,
We snap all afternoon and don't shoot at all.
We stand, kneel ,sit, and lay,
And snap the gun almost every way.
So we come in around four and a half
Wash, shave, and take a bath.
Put on our uniform, get ready for retreat,
When that is over we run back to eat.
After show is over we run back to rest—
While we clean our bayonet and rifle our best.
When that is done proper, we're then through,
About that time they say, "Turn the lights out, you!"
This is part of what we boys do here,
As you'll find out if you volunteer.

DISCUSSES ISSUES

West Liberty, Ky., Oct. 6, 1941

To the people of Morgan county:

I have promised you that I would discuss the issues with you as they are raised, so now that the Republican candidate has raised the question of cliques and political machines, I will say this, that I am and have always been opposed to political machines, as there are very few times that good government can come out of a political clique of political machine.

In my opinion the most unholy alliance in the world is a bipartisan alliance or machine for the purpose of controlling an election, and I know that the individual voter in Morgan county wants clean government and knows how to vote to secure the same.

The Republican candidate was asked why he was not complying with the rules of his party, in holding on the chairman's place, which he is still holding, and he published an article over his name in which you have a good opportuuity to know his temperament. If I should write or affix my signature to such an article, I believe that you would think me temperamentally unfit for the office of judge. I will quote you the part of the rule applying to candidates:

"When the chairman, secretary, or treasurer, or any of the other officers, or any member of a county executive committee, shall become a candidate for nomination for county, municipal, or district office, to be filled at any regular or special election, he shall immediately resign his office as a member of such committee, and the vacancy caused thereby shall be filled as provided for by the party rules; and on his failure to resign, the said committee (he not being allowed to vote thereon) shall therefore declare his office or membership, vacant, and shall fill the vacancy agreeably to the party rules."

The rules also provide that the members of the committee be called together to recommend persons for the primaries and general election, also for the names to be submitted for county election commissioner. I have not known of this rule being followed by the Republican candidate. It would have been mighty nice if he had done this in the recent primary. He complained that I had written the Republican committee and Democratic committee and advised them of their right and duty to send in names to be selected as election officers for the November election.

He has been complaining about the Democratic chairman, Hon. Cortis K. Stacy, not resigning as chairman of the Democratic party, so for the information of the people, I will say that the Democratic rules do not provide that he so resign, and I am sure that if they had Mr. Stacy would have, since he lives conscientiously up to the rules of his party.

When the state put on the 30% raise on your taxes that are now due, I was the only man that protested this to the department of revenue of the state, and I know of the hardships you will have in paying your taxes, and I know that you are going to vote for the one you can depend on to keep such a thing from happening to Morgan county again. I am

Your friend and neighbor,
(Adv.) LYNN B. WELLS, Atty.

POULTRY SUGGESTIONS

J. W. Pelfrey of Elkfork keeps record on his chickens. October 17, 1940, Mr. Pelfrey got his first egg from his 23 pullets. By good feeding and management practices, Mr. Pelfrey received from his 23 pullets 4384 eggs in 335 days or up to September 1, 1941. This is an average of 12½ eggs per day, or 50% production for the 335 days. Did your hens average 50% production last year?

Since eggs are at a good price and the outlook for the next year or so is unusually good you will not only help yourself by practicing good feeding and management practices, but you will be contributing to our national program of food for defense. Recently Secretary of Agriculture Claude R. Wickard said "Already we have shipped or bought for England about a half billion dollars worth of agricultural products. Within the next year or so we expect to ship or buy another billion dollars worth."

This is certainly the time to take good care of your poultry. If you want a poultry calendar on which to keep your record notify the county agent's office. The calendar also offers poultry suggestions for each month.

HOWARD

Harris Howard was born in Magoffin county, Ky., March 2, 1859, and departed this life September 30, 1941, at 10 o'clock p.m. He was a son of the late Nathan Howard and Martha Ann Arnett Howard.

On December 13, 1883, he was united in marriage to Celia Catherine Lacy, who preceded him in death on August 30, 1941. Shortly after their marriage, they established their home at White Oak in Morgan county, where they continued to reside through the ensuing years. To this union four sons were born: namely, Edgar W. Howard and Roy K. Howard, both deceased, and Bernard C. Howard and J. Woodford Howard, who survive.

In addition to the two living sons, he is survived by two sisters, Elizabeth Howard Arnett and Lula Howard; two brothers, Proctor H. Howard and Burn Howard; seven grandchildren, eight great-grandchildren, and a host of nephews, nieces, and other relatives and friends who mourn their loss.

He and his wife, together, joined the Christian church early,after their marriage.

Reared in humble surroundings, he learned from early childhood the inherent values of industry, perseverance, and fortitude. Endowed with a stalwart body and vigorous mind he pursued an unusually active and fruitful life, in many and varied fields of endeavor. It may be truly said of him that no stranger or wayfarer seeking shelter or refuge was ever turned away from his door; that his home was ever open to his friends and neighbors, where they were always received with a friendly greeting and hospitable welcome. So he lived to the end.

Funeral services were conducted from the home at White Oak Thursday, Oct. 2, at 1 o'clock p.m., by Rev. Harlen Murphy of West Liberty, attended by a large group of relatives and friends, and the body was laid to rest in the family cemetery.

HOLLON

Bernice Mae Hollon, daughter of Thomas Wilson and Julie Kilgore Wilson, was born May 23, 1908, died Oct. 5, 1941, aged 33 years, 4 months, and 13 days. She was converted and baptized in February, 1927. She left a bright testimony that she was prepared any time the Lord called. Her motto was "the Lord's will, not mine, be done."

She left to mourn her loss her husband, Raleigh Hollon, of Harveyton; two children, Norman, 13 years old, and Anita, 6; her parents, Thomas Wilson and Julie Kilgore Wilson, of Cannel City; three sisters, Mrs. John M. Shepherd of Harveyton, Miss Esther Wilson of Cannel City, and Miss Rosa Lee Wilson of Cannel City; and four brothers, Lee Wilson of Cannel City, Robert D. Wilson of Det. QMC Craig Field, Selma, Ala., William T. Wilson, Det. QMC Craig Field, Selma, Ala., and Russell Lowell Wilson, Co. C, 7th Eng. Bn., Battle Creek, Mich.

Funeral services were conducted Tuesday morning at Cannel City Union church by Revs. G. B. Trayner of Ravenna and Harlen Murphy of West Liberty. Burial was in the Tom Walter cemetery at Nickell.

CHECK FIRE HAZARDS

Pointing out that the nation's farmers lost 10 cents out of every dollar they earned last year, thru fire or other serious accident, Pritchard Caskey, county supervisor for the farm security administration, urged Morgan county farmers to pay particular attention to national fire prevention week this year.

"The annual bill for farm accidents is estimated at one billion dollars or roughly one tenth of the gross farm income last year," Mr. Caskey said. "These accidents on the farm cost the lives of 4,400 farmers last year.

Emphasizing that fire is one of the farmer's costliest enemies, Mr. Caskey pointed out that Morgan county farmers should take time to check up on fire hazards on their farms.

He warned farmers to check carefully on lighting and wiring facilities in their homes and barns; to check construction of chimneys and flues; to make sure stoves and stove pipe connections were safe; and that roofing material is fireproof, if possible. He also warned against carless handling and storing of gasoline and kerosene—two common causes of farm fires. Smoking around barns where sparks may ignite unswept litter should be avoided. He stressed the importance of keeping several good fire extinguishers handy, as well as buckets and pails placed in convenient spots.

Any farmer who would like information about spotting fire hazards and fire fighting methods, may stop by the farm security office in Morgan Motor building for the United States department of agriculture leaflet no. 44 on fire prevention.

FORD

"6" OR "8"

IN THIS UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will *stay* good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is *big*—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.
